

**Test 1 of Problem 3 is on the picture to the right:**

- In **Test 1**:
  - The given **point** is at (10, 20)
  - The given **length** is 200
  - The given **delta** is 25.
  - Your code must draw the vertical line and the 9 horizontal lines.

**Tests 2, 3 and 4 of Problem 3 are on the picture below and to the right:**

- In **Test 2** (on the **left**-hand-side of the picture)
  - The given **point** is at (15, 30)
  - The given **length** is 100 and **delta** is 20.
  - Your code must draw the vertical line and the 6 horizontal lines.
- In **Test 3** (on the **upper-right**-hand-side of the picture)
  - The given **point** is at (250, 10)
  - The given **length** is 90 and **delta** is 45.
  - Your code must draw the vertical line and the 3 horizontal lines.
- In **Test 4** (on the **lower-right**-hand-side of the picture)
  - The given **point** is at (250, 125)
  - The given **length** is 80 and **delta** is 45.
  - Your code must draw the vertical line and the 2 horizontal lines.
